Weekend back pack support	64% (9/14)
Leadership Team	30% (3/10)
HOBV Leadership Conference	33% (1/3)
Night School	23% (5/22)
Seniors on track to graduate 2020	15% (2/15)
Graduation (2019)	20% (3/15)
Average percentage IA participation	34%

As of December 4, 2019, the survey date, there were 25 out of 82 students, or 31% of the LHS population eligible for Impact Aid (IA); all those eligible were either living on, or had parents working on the San Carlos Apache Reservation and all are Native American. Of each program or service offered by Liberty, the percentage of Impact Aid students participating was, on average, 34%, or 3% higher than the actual Impact Aid student percentage of 31% of the school population, thus, an equally proportionate distribution of school services was given to IA students.

The Impact Aid allotment for the fiscal year so far, \$37,067.22, is used for San Carlos transportation costs through January 14, 2020, for teacher retention bonuses to support highly qualified teacher population, for 5% of teacher salaries, and for student leadership conference; for a subtotal of \$37,941.41. An additional amount of \$41,400 was spent for a new bus designated for San Carlos transportation, for a total of \$79,341.41 spent so far for fiscal year 2019-20.
